Spend, leads and conversations: Meta, from Matthew's screenshots on 19 Oct. Jobs, prices and payments: the app and Jen's ClickUp on 19 Oct (Russ's $200 is his ClickUp deal value). Russ and Carlos are counted to the form ad as referrals from Eric. Peggy is not in the form's 21 leads, so she is counted as Messenger. Left out: Brian (in person) and Kara (referral, done before these ads).
