Tree work and fire mitigation — what it costs

Taking trees down

PER TREE, BY HEIGHT

Under 30 ft	$142 – $475
30 – 60 ft	$475 – $950
60 – 80 ft	$950 – $1,900
Over 80 ft	up to $3,800

Grinding stumps flat

PER DIAMETER INCH · GROUND TO GRADE, SO IT MOWS OVER

Grinding, per diameter inch	$4.75 – $8.55
Minimum, one stump to 18 in	$179
Stumps over 36 in, add	$0.95 per inch
Grindings hauled away	$3.80 per inch
Grindings raked flat and left	No charge

Measured at the soil, root flare included — a stump that looks 14 inches at eye level is often 22 at the ground. Softwood in open soil is the bottom of the band; hard wood or tight access is the top.

By the acre

DEFENSIBLE SPACE · HAND AND SAW WORK, ZONES 1 AND 2

One acre around the home	$3,040 – $5,795
Thinning, lightly wooded acre	$696 – $2,216
Thinning, heavy forest acre	$3,225 – $5,847

What happens to the wood

YOUR CALL — THE CHOICE THAT MOVES YOUR PRICE MOST

Left where it falls Cut down under 24 in and scattered	Included
Stacked into slash piles Built where you point, about a truck load each	$65 per pile
Cut to rounds and stacked 16 in unless you say otherwise. Green — needs a season to dry	$95 per cord
Chipped on site Chips spread or left in a heap	$118 per hour
Hauled off site Disposal fees included	$142 – $190 per truck load

Leaving it where it falls is free — that is the default finish and the saw is already running. Everything below it is labour: gathering and stacking, bucking to length, a second pass with the chipper, or a drive and a tipping fee. **Most companies fold all of this into one number.** Here it is broken out, so you can decline what you don't want.

Crew time

FOR WORK EASIER TO PRICE BY THE HOUR THAN BY THE TRUNK

Two people with saws	$95 per hour
Crew with chipper	$118 per hour
Full day, 8 hours	$895

Help paying for it

COLORADO TAX CREDIT

$1,000

100% of qualifying vegetation work, up to $1,000, with an income limit. **$2,000 and refundable** from tax year 2027. About **450 people in the whole state** claimed it last time.

YOUR INSURER, SINCE

1 Jul 2026

An insurer using a wildfire risk score to price or non-renew your policy must now send you that score yearly, say what discounts exist, and **discount documented mitigation**. You can appeal it.

WHAT YOU GET FROM US

The file

An itemised invoice separating the qualifying work, plus before-and-after photographs — what your accountant and your insurer will ask for. Whether you qualify is their call; we don't give tax advice.

GETTING STARTED

Estimates are free and written. The price is fixed before a saw starts and doesn't move unless you add work.

Minimum visit $179. One small tree, one stump, or an hour of saw work all clear it.

YOUR PROTECTION

Sign at your home and you have three business days to cancel — in writing, any reason, no fee. Colorado law, and not waivable. We don't start until those days have run.

Tell us what you want gone. We'll tell you what it costs.
