Spend, leads and conversations: Meta, from Matthew's screenshots (the first form ad's whole run, 13–14 Oct, from 19 Oct; the new form ad and the Messenger ad, lifetime, 20 Oct evening). Jobs, prices and payments: the live app, 20 Oct evening. Jeremy's $350 came through Square today and is waiting to be confirmed against his $482 job; his price is being checked. Russ and Carlos are counted to the form as referrals from Eric; Peggy is not among the form leads, so she is counted as Messenger (as on 19 Oct). Website arrivals: the 365 site's own server logs. Left out: Brian (in person) and Kara (referral, done before these ads).
