365 Aeration & Seeding

Brand guide · core aeration and overseeding · Denver metro · October 2026

LOGOS

Badge: profile pictures, stickers, small spaces

"365" icon: very small sizes, app and site icons

Badge and name: headers, invoices, signs, shirts

- Keep clear space around a logo at least the height of the "365" numbers.
- Don't stretch it, recolour it, add shadows, or put it on a busy photo. On colour, use the cream or white backgrounds shown here.
- Where only one colour prints (receipts, faxes, engraving), use the black type version: `out/square/square-logo-print-400x200.png`.

HOW WE SAY IT

WHERE THE FILES ARE

- Name: **365 Aeration & Seeding**. Short: **365 Aeration**.
- Line: **Pull a plug. Grow a lawn.**
- Plain and friendly. Say what we do and how to book.
- Only say what we can back up. No "best", "most effective" or "guaranteed". Facts about aeration come from Colorado State University Extension.
- Every platform and Square: `kit/out/`, and `UPLOAD-GUIDE.md` says which file goes where.
- Original logos: `sixfold/brand/aeration-365/`
- Website: 365aeration.com (aeration365.com forwards to it)
