Sixfold 365 badge: three colour options

Each option has SIXFOLD and the Sixfold Ridge mark (with its roots) in the centre, 365 on the top arc and LAND · AERATION & SEEDING on the bottom arc. The three options differ only in colour. Pages 2 to 4 show each option on a business card, a yard sign and the vehicle magnets, so they can be compared piece by piece.

A · 365 green

B · Sixfold dark

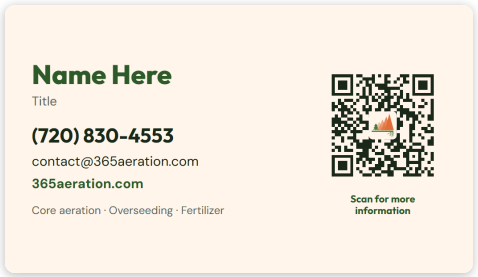

C · Light

Notes. Phone (720) 830-4553, website 365aeration.com, email contact@365aeration.com; each QR code opens its own address (365aeration.com/card, /yard, /truck, /car), which forwards to the quote page for now, so where a printed code leads can change later without reprinting. "Name Here" and "Title" on the card backs are placeholders. These are drafts at true proportions; print-ready files with bleed come once an option is picked. A magnet only holds on steel: test each vehicle's door with a fridge magnet first, since some newer vehicles (EVs especially) use aluminium or plastic panels, which would need a vinyl decal instead.

A · 365 green

Business card, front (3.5 × 2 in)

Business card, back

Yard sign (24 × 18 in)

Truck magnet: Tacoma and Hummer EV (24 × 12 in)

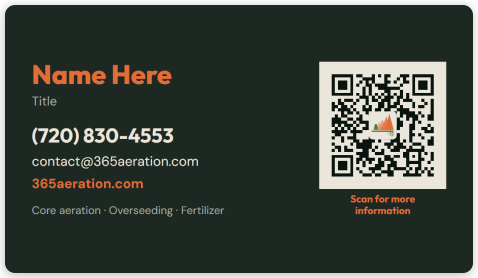

Car magnet: Tesla (18 × 12 in)

B · Sixfold dark
