Apps updated

Sixfold 365 and the five Traverse editions, every upload checked

9

Waiting on you

Listed at the bottom

Sixfold 365 app 18

Monthly plans	LIVE "+ Start a monthly plan" on every customer. It holds a plan name, price a month, regular price, visits every N weeks and what's included. Saved plans can be reused for the next customer, and the next visit moves on when a job is done. Not charged automatically yet.
Visits list	LIVE Jobs marked Done on the Jobs board now show under Visits. Marc's paid job was missing before.
Your booked leads	LIVE Jen and the office see your booked jobs in full: schedule, customers, payments. Your leads still never show in her Pipeline.
Send to Cai	LIVE A button on your own leads that hands one to Cai only.
Brad's job lines	LIVE "Work they want done" and "Work I'd suggest" on every job.
2-day follow-up email	BUILT, OFF Review link, Brad's suggestions, your plans, and 10% off the next service for every customer. Waiting on the wording from you and Jen.
Work hours	LIVE Everyone sets their hours on Profile. Bookings outside someone's hours are refused.
Alerts in the app	LIVE A bell with a list: new leads, follow-ups due, quotes with no answer, balances owing.
Crew alerts	LIVE New job or moved job alerts, plus "not marked done" reminders at 7 pm and 9 am.
Brad's follow-up booking	LIVE Brad books the next visit (a day or a month) from his job. It shows as "needs Jen" until she confirms.
Aftercare any time	LIVE Jen can send aftercare whenever she likes, with ready-to-send email and text while there's no mailbox.
Receipts	LIVE A Receipt button on paid jobs, a check number on payments, and Email receipt. Zane's receipt was made by hand for his HOA.
Do-it-yourself price	LIVE Staff-only comparison in the Quote builder. Usually shows DIY as cheaper; review it before use.

Newsletter	BUILT, OFF Newsletter screen with approval, an unsubscribe link and the 1st-of-month send. The November draft is loaded.
Seed price	LIVE $90 for a 50 lb bag.
Phone and tablet view	LIVE Profile → Layout now works inside the hub.
Device fixes	LIVE Dark-mode text, bigger tap targets on phones, and buttons that fit on an iPad.
Stats	LIVE Plans with a visit every few weeks now count toward the monthly figure.

Traverse 5

Money-back guarantee	LIVE The free pilot is gone. It's now setup within 2 business days, then 7 days money-back from go-live. You have Mark live and Refund buttons.
Website + agreement	LIVE The site carries the guarantee. Agreement version 2 and the redline are on your Desktop. The attorney still needs to OK version 2.
Prospect emails	LIVE Template version 4 ("Worth a look?", "locked in for life as long as you're with us"), cleaner company names, Email tab starts with nothing ticked.
Device check	DONE 389 screens checked on phones, tablets and desktop; the problems found were fixed.
Speed + clean-up	LIVE Spanish text loads only on Spanish phones, and old server backups were packed up.

Posts, content and social 9

Sixfold 365 post 1	POSTED "Letting the lawn breathe" went to Facebook and Instagram at 3:00 pm.
Surge post 6	POSTED "Learn sales from people who've done it" went to the Surge Inc Facebook page at 3:21 pm.
Saturday carousel	SCHEDULED Six lawn photos go to Sixfold 365 Instagram on Sat 31 Oct at 2:00 pm.
Facebook photos	LIVE Six job photos added to the Sixfold 365 page with location data removed, and no feed post.
Posting runner	LIVE Approved posts go out from the server at their time, even with the laptop off.
Surge look	DONE Surge posts have their own layout, so they don't look like Sixfold's.
Surge connected	DONE The Surge Inc page can now be posted to. Instagram waits on the 2FA code.
Client journey	DONE Editable doc with a flowchart from ad to repeat customer, including calls, texts and voicemail.
Photo ledger	DONE Tracks which job photos are set aside for posts, so the photo days don't use them.

Email and admin 5

Your signature	A new Sixfold 365 signature with your (303) number. It goes in the admin console footer; you replaced the old one.
Lead emails	Six follow-up emails, one per lead, in your wording, ready in Notepad. Sent by you; nothing sent by me.
Note to Jen	Step-by-step for setting up the $74 monthly plan herself.
Randy's quote	A plan for the double and triple aeration quote. Needs your extra-pass, sod and native seed prices.
Laptop sleep	Armoury Crate had switched you to a 5-minute sleep plan. Both plans are now set to never sleep.

Your assistant 1

Grocery list	LIVE A purple shared list with a raccoon logo. Claire has her own login that opens only the list. King Soopers prices from Federal & Belleview come with a total and a smarter search.

Running tonight

Cloud machine	Group 1 stages A and B are done. The roof material scan is running town by town (13 done so far); results upload by themselves.
Google Drive backup	Running now. Last night's run was cut off.
Code review	Fable is going through all of today's code. The report will be in traverse/CODE-REVIEW-2026-10-27-evening.md.
OneDrive move	Parked until things are quieter, as you asked.

Waiting on you 9

365 email login	Aftercare, follow-ups, receipts and the newsletter can't email until the contact@365aeration.com login is saved.
Mailing address	The newsletter needs a postal address in its footer before it can be approved.
Newsletter	Read and approve the November issue (goes 1 Nov, 9 am).
2-day email	The wording, once you've talked to Jen.
DIY comparison	Keep, change or hide it, since it usually shows DIY as cheaper.
Attorney	Send the version 2 redline before the site opens Wednesday evening.
Monthly plan terms	Minimum term, how long $74 holds, first charge date, Square location (with Brandon).
Thursday posts	Approve Sixfold post 2 and a Surge post for Thu 29 Oct, 3 pm.
Surge Instagram	Link @surge.ftw once the 2FA code arrives.

Saved on your Desktop in "End of Day Reports" and in the workspace's changelog/ folder, which is backed up. The running list of every day is CHANGELOG.md.
