PEAK PICKLEBALL · MEETING ONE-SHEET

Game plan: sponsorships, memberships and the nonprofit

For Brandon and Matthew · prepared 19 Oct 2026 · Peak Pickleball, 1730 Briargate Blvd, Colorado Springs (owners Scott and Tina Wilson)

LEAVE WITH

1. Access to Peak's member and visit numbers. Every sponsor pitch needs them.
2. A written 90-day trial on sponsorship commissions.
3. A defined Surge trial for memberships.

1 Open with their track record

It's Peak's strongest sponsor story, and their own site barely tells it.

- First USA Pickleball Wheelchair Nationals: **94** players, 19–21 June 2026, Numotion as title partner.
- Colorado Springs' first USA Pickleball Golden Ticket qualifier, 9–13 July 2025.
- The Pickle Bowl, Feb 2025: **156** players, sponsored by Selkirk.
- Free weekly veterans class: about **60** a session, **400+** taught.

2 Four revenue lines, and who sells each

LINE	WHAT GETS SOLD	WHO
Sponsorships	Open courts (15 court sponsors listed for 24 courts), championship-court naming, "Peak Premier League presented by", event presenting spots, renewals. Today: **$12,000**/yr court, **$24,000**/yr title.	Brandon, on commission; Matthew's tools behind it
Cause sponsorships	Companies backing the veterans and adaptive programs, the way Numotion backed the Nationals.	Brandon
Corporate memberships	Direct employer plans and team outings. Employers reach Peak only through Wellhub today; group court rental is **$40** a court.	Brandon and the Surge team
Memberships and donations	Free-class signups, booths and events; the Give'em Heaven campaign (Exchange Ministries).	Surge team, once registered as a paid solicitor

3 Show what makes sponsors renew

Their signs already carry QR codes, but nothing shows scans being reported back. Bring a mock monthly sponsor report (scans by week, event attendance, photos) and the pipeline. Reporting is the gap we fill, and it's why a **$12,000** court sponsor pays again next year.

4 Propose the deal

- 90-day trial.
- **15–20%** on new sponsorships, about **10%** on renewals.
- A registered prospect list, so nobody argues over who found a sponsor.
- Peak signs every sponsor contract; office space included.
- Member and visit data shared from day one.

If they say yes: the first 30 days

- **Week 1:** member and visit numbers; every sold and open asset with its renewal date; sponsor QR codes switched to tracked links.
- **Week 2:** rate card with the new assets; a sponsor deck built on the audience and the national events; a prospect list by category.
- **Weeks 3–4:** first sponsor meetings, first corporate-membership pitches, first monthly reports to current sponsors.

5 Name a quick win

The 5th Annual Veterans Pickleball Tournament runs **6–8 November 2026** at Peak, with no presenting sponsor listed. Offer to find one within two weeks. It's the fastest proof.

Don't, in this meeting

- ✕ Quote prices for new assets before seeing their numbers.
- ✕ Promise donation canvassing before the paid-solicitor registration ($15,000 bond) is sorted.
- ✕ Agree to commission terms without them in writing.

Check by hand before going

- ☐ Peak's Google and Yelp ratings.
- ☐ Facebook and Instagram follower counts.

Facts checked 19 Oct 2026 against Peak's site, the Gazette, Denver Gazette, KOAA, SFIA, ProPublica and the Colorado SOS.
