PEAK PICKLEBALL · NOVEMBER 2026

What Peak pays now, and what the rest typically costs

Peak's current software bills, from its own invoices, next to typical US market prices for the work on Peak's list: the website, socials, ads, Google listing, member emails and texts, and the TVs.

WHAT PEAK PAYS NOW

CourtReserve (Momentum)
$549/mo
Bookings, memberships, check-in. On Momentum since 15 Oct, billed monthly.

Patch Retention
$499/mo
Member email and texts. Patch publishes no prices to compare.

Branded app setup
$499 once
CourtReserve branded mobile app fee, paid 10 Nov 2026.

Regular software spend
$1,048/mo
$12,576 a year, before the one-time app fee.

Worth knowing: CourtReserve lists the same Momentum plan at **$499/mo billed yearly**, which it says saves $600 a year. Peak needs Momentum: the cheaper Advance plan ($369) stops at 16 courts.

COMPARABLE SOFTWARE: MARKET LIST PRICES

Court booking and club software
24 courts, ~650 members · list prices
~$500 per month

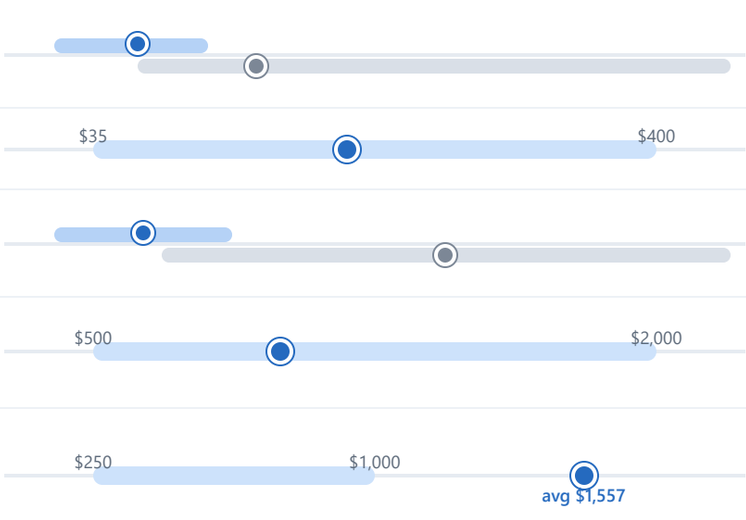

Email platform with automations
~16,000 contacts · 4 platforms' list prices
~$300 per month

Google and Facebook ads management
Management fee only; ad spend is extra
~$1,000 per month, or 10–20% of spend

Local SEO and Google Business Profile
Measured average; most common band shown
$1,557 per month (average)

WHAT IT ADDS UP TO

Software now + freelancers at typical prices

Current software (CourtReserve + Patch)	$1,048
Social media, website care, ads fee, local SEO	$4,507
Per month	**$5,555**
Per year	$66,660
Website rebuild, one-time	+ $5,000
First year	**$71,660**

Software now + agencies at typical prices

Current software (CourtReserve + Patch)	$1,048
Social media, website care, ads fee, local SEO	$8,757
Per month	**$9,805**
Per year	$117,660
Website rebuild, one-time	+ $10,000
First year	**$127,660**

Not included: ad spend itself; TV screen software (depends on the number of screens); text-message costs; and someone to build and run the email and text campaigns (no reliable monthly price exists; hourly rates run about $15–$40 for freelancers, often overseas, and $100–$149 for agencies).

How to read this. "Typical" is the middle of a published range, except local SEO, which is a measured average. National US prices; no Colorado Springs figures were found. Software prices are each company's own pricing page, read 12 Nov 2026. **Sources:** Peak's CourtReserve receipts (Aug–Nov 2026) and Peak's figure for Patch Retention · CourtReserve, Playbypoint pricing pages · Mailchimp, Klaviyo, ActiveCampaign, Brevo pricing pages (~16,000 contacts) · Twilio US SMS pricing · Yodeck, OptiSigns, ScreenCloud pricing pages · WP Buffs and Kinsta pricing pages (website care) · Clutch web design, PPC and email pricing guides (Sept 2026) · Sprout Social, small-business social media packages (May 2026) · Ahrefs SEO pricing poll, n=439 (Aug 2024, the oldest figure here) · Website freelancer range and ads-management fees are commonly quoted industry ranges with no single survey behind them.
